The appraisal of an antique/muscle motor vehicle is not an exact science. It involves a blending of extensive experience, subjective evaluation and the use of written data offering potential market prices for these motor vehicles (e.g. Hemmings Motor News, Old Cars Price Guide, etc.). Volo Antique Auto Museum is frequently consulted in both insurance and court-related matters based upon our expertise in this field. Expert witness fees for court related matters are \$2,000 per day plus expenses.
